PRODUCT / PROCESS CHANGE NOTIFICATION

Notification Date: 12/6/05

PCN Number : 10091

Product Identification (Including Customer P/N):		
Standard and custom versions of UVV and UVC. Certain versions of custom and standard MV3, UVCJ, and UVVJ.		
Detailed Description of Changes:		
Two internal power supply bypass capacitors have been added.		
Reason for Changes:		
MtronPTI is committed to continuing product improvement. The addition of bypass capacitors improves time domain jitter performance.		
Projected Timing of Change and Implementation Date:		
This change will begin with the notification date of this document. During this transition, both versions may be supplied in order to deplete inventories.		
Anticipated Impact on Quality and Reliability:		
None.		
Qualification Plan (if applicable):		
N/A		
Last Time Buy Date:		
The last time buy date has not been determined yet, because it depends on the usage of the existing inventory. Please contact our sales department to discuss any anticipated requirements you have for these products.		
Last Time Delivery Date and Comments (if applicable):		
See above.
